DBACE aims to reach ambitious individuals from all backgrounds with ideas that will improve the lives of others and the communities we live in.

About the authors of the Guide

Adrian De La Court is a creative advisor, academic and business development consultant, as a critical practitioner he trained and worked professionally as a fine artist, live artist and contemporary dancer and choreographer. He has developed a strong portfolio career in the creative industries.

Siân Prime has worked to find new, impactful ways to engage highly creative individuals and social innovation and cultural organisations in sustainable practice. They have worked together in a range of roles, but most recently at Goldsmiths, University of London where they lead the entrepreneurship education work.

For this Guide as with much of their work they have collaborated with We Made This, and the founder of the design Agency Alistair Hall, he brings great clarity to their thinking as well as his visual communication skills.
